Record a full 8 hour shift or a full 40 hour work week on our body wearable digital video recorder.

The DUTY RECORDER isn't much larger than a 3.5 inch index card, but records a whopping 40 hours of video and audio onto its internal hard drive. Connect it to a PC via USB and upload recording for playback on PC or connect it direct to a TV monitor for instant review.

\* Comes complete with a ultra compact color camera, power booster, USB to PC link cable, DVR to TV output cable, AC adapter, Auto power adapter and DVR with belt worn carrying case. System packaged in rugged system carrying case.
