

Instant Playback on your
Personal Computer or TV

Great for SWAT TEAMS,
Supervisors, Cell block staff,
Trainers, etc.

No tapes to purchase or
file...internal 40 gig hard
drives eliminates the cost
and hassles of video tape.

So affordable that you'll
want each officer on your
staff to have their very own.

BODY WEARABLE S.W.A.T / RAID

Digital Video Documentation System

"Back up your charges with our
digital quality video DVR
and ultra compact cameras"

Record Cell Extractions, Inspections,
Interviews, Training Sessions, etc

Record a full 8 hour shift or a full
40 hour work week on our body
wearable digital video recorder.

The DUTY RECORDER isn't much
larger than a 3.5 inch index card,
but records a whopping 40 hours
of video and audio onto its internal
hard drive. Connect it to a PC via
USB and upload recording for
playback on PC or connect it direct
to a TV monitor for instant review.

* Comes complete with a
ultra compact color camera,
power booster, USB to PC
link cable, DVR to TV output
cable, AC adapter, Auto power
adapter and DVR with belt
worn carrying case. System
packaged in rugged system
carrying case.
